

Tank bottom valve with inclined stem

Design advantages

- Minimal distance between the ball and the tank bottom.
- Inclined stem design eases the assembly of operating and ancillary elements.
- Can be supplied with heating jacket.
- Special materials upon request.
- Can be supplied with fire safe feature.
- Can be supplied with metal seat (high temperature & abrasive fluid service).

Standard construction materials

ITEM	DESCRIPTION	QTY.	FIG. ZI56TTV-PN16	FIG. ZMSI56CGGG-PN16
1	Body	1	1.4408	1.4408
2	Insert	1	1.4401	1.4401
3	Ball	1	1.4408	1.4408 + Cr. Carbide
4	Metal Seat	2	PTFE+GF	1.4401 + Cr. Carbide
5	Stem	1	1.4401	XM-19
6	Stem seal	1	PTFE+GF	PTFE + CG
7	Stem packing	1	PTFE	PTFE + CG
8	Gland packing	1	1.4401	1.4401
14	Body Seal 1	1	PTFE	GRAPHITE
34	Body Seal	1	FKM	GRAPHITE
35	O'ring stem	1	1.4401	-
36	Tank Flange	1	1.4401	1.4401
